Dear Jake Brown,

I write in relation to the outline planning application for 1000 new homes etc at Sandleford Park, Newtown Road, Newtown, Newbury - 20/01238/OUTMAJ.

Further to our advice detailed in our letter dated 20th July 2020 (attached), we have now been provided with the asked for information on air quality and the Habitats Regulations. See attached document for reference.

Having read the technical note and HRA, I can confirm that NE agree with the conclusions that air quality impacts on nearby European sites can be ruled out both alone and in combination. NE are therefore removing our objection to this application on these grounds.

Kind Regards,

Eleanor Sweet-Escott | Lead Adviser
