

Aldermaston Petroleum Storage Depot (PSD)

Please read this card carefully and keep it in a safe place where you can easily refer to it. Make sure everyone at this property knows and understands these instructions.

If a major accident happens at the Aldermaston PSD, you will be alerted by the site COMAH siren/alarm.

You will be notified of the all clear by a further siren once any danger has passed.

The COMAH alert siren tone and the all-clear siren tone can be heard by playing the audio files at the following internet links:

Test

The sirens are tested on the third day of each month at 3pm. The test is a 15 second alert warning, 10 second silence and 5 second all clear signal. You do not need to take any action during test alarm signals.

This card is produced in accordance with the Control of Major Accident Hazards (COMAH) Regulations to advise you what to do in the unlikely event of a major accident on our premises that could affect you and people near you.
