Dear Sir or Madam

I would like to say that my wife and I are vehemently opposed to the NE Thatcham development for all the reasons already stated by many other residents in the Bucklebury area. Roads, Transport, Schools, Doctors, Light pollution, etc etc. Destruction of habitat and wildlife.

Also there has been a lot of work to save Thatcham from more flooding. This development on the hill would help East Thatcham turn into a floodplain with heavy rain so Trees are the best bet for this [site.to](#) help avoid any flooding in the future

The maximum development should be kept to 10 and they would need to be fitted with solar panels and a Heat pump as standard

So this ridiculous proposal should not proceed.

Yours faithfully

Alan and Ann Evans
