### **WBC LPR Regulation 10 Objection**

I am strongly objecting to this proposed plan as I believe it to be unsound due to the reasons below:

- Environmentally unsound
- Insufficient infrastructure
- Added pressure on already stretched GP and schools services

On a personal note, I live at the address below and this would have a very personal impact as the new development would be built directly opposite my property and would completely change my current outlook and make pulling out of my road even more difficult than it already is
